/ PROFESSIONAL EXPERIENCE

>> Software tester - customer service second level

Nomos Srl | 2022 - present

My role is to test the software of the developers and after the test tell them what can be improved and the second mansion in this company is the customer service of second level.

And the last task is to manage database of the clients.

>> Database developer

Agricam - AssistInformatica | 2021 - 2022

I stayed here for one year and my mansion was to develop the managerial software on Oracle database with Apex. For all changes I used SQL and PL/SQL with the default elements of Apex.

/ ISTRUCTION

>> Master Start2Impact

October 2022 - Present

/> In this master i have the possibility to develop skills to one day became a Full Stack Developer, the programming languages i'll study are:

/>

>> Istituto di Istruzione Superiore Luigi Cerebotani

A.S. 2015-2020

I studied in a technical school in computer department for 5 years, her had the chance to enter in the developing world with the first projects with Java, c#, C++ and with Unity i created a copy of Snake

/ SKILLS

■■■■■ HTML
■■■■■ CSS
■■■■■ Bootstrap
■■■■■ SQL
■■■■■ PL/SQL
■■■■■ Oracle Apex

/ OTHER INTERESTS

My other interest in life is Football, I'm a big fan of Juventus Football Club, my dream is to visit the Stadium to see a live match.

The other passion is car, in particular my favorite car is Audi A3 the last model, i hope in recent future to have this car.
